# of this All-America City sends out life to the world.

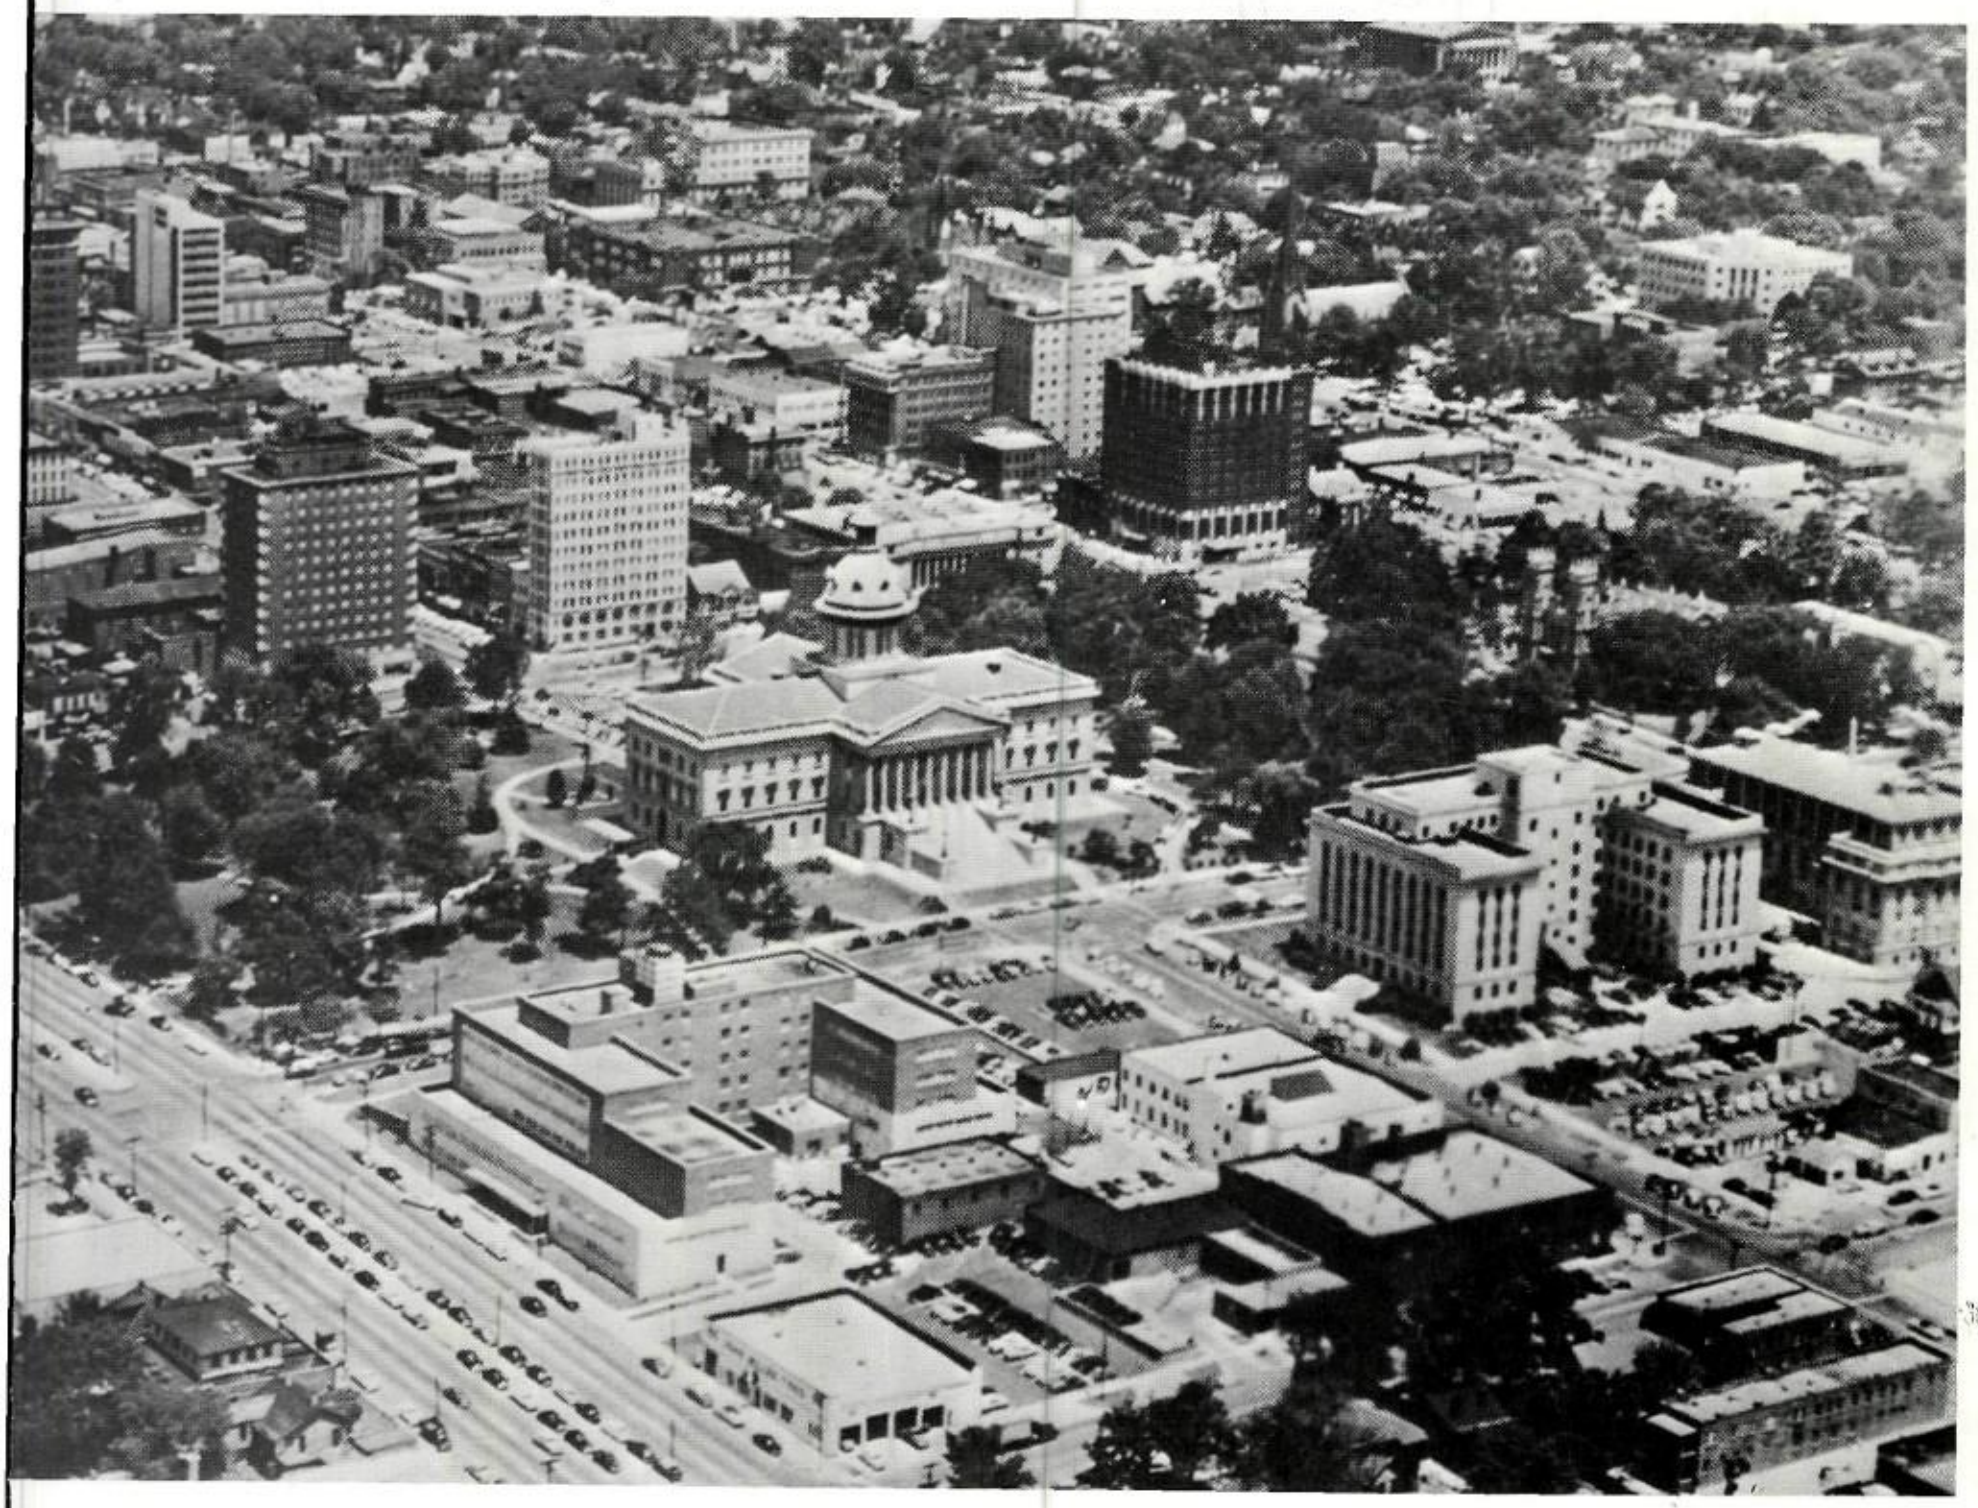
Columbia High is part of the pulse of the city of Columbia. For the past one hundred and seventy-four years it has sent thousands of young adults surging out into the mainstream of the world to furnish vitality and knowledge to the life of man.

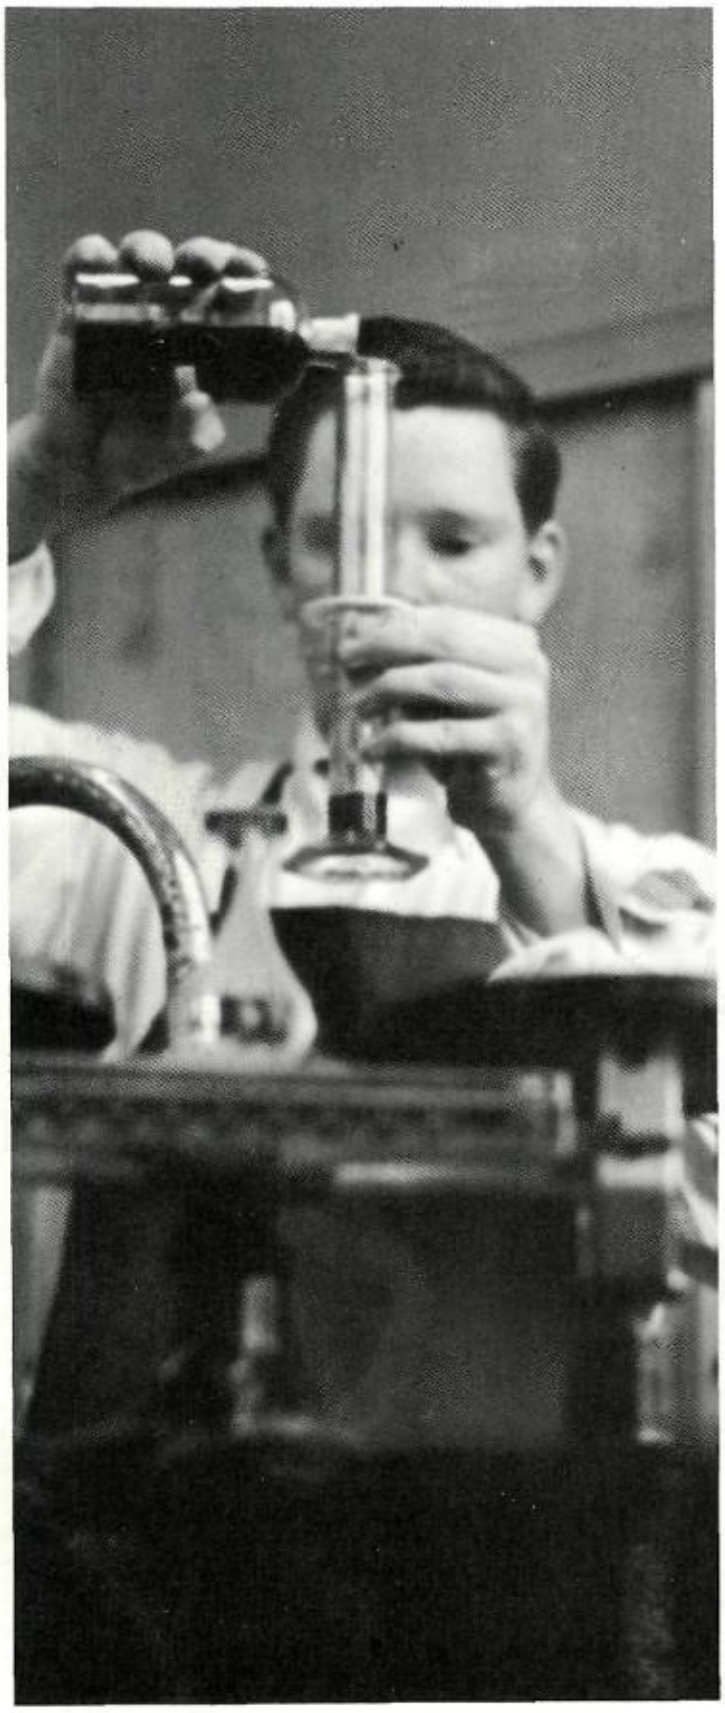
Located in the heart of metropolitan Columbia, our school has been a vital organ to the city. As the city has grown, Columbia High has grown; as the city has improved, Columbia High has improved; as the city has succeeded, Columbia High has succeeded also. Columbia High School has been one of the main factors in the fine reputation of the city of Columbia, and it has added perhaps more to the success of the city than any other institution.

As the first high school in the city and one of the first in the state, Columbia High School has set standards for education and extracurricular activities. The schools that have had to follow in its trail have found there high standards and criteria which they have emulated. In this manner Columbia High School has served not only the city of Columbia but also the state of South Carolina.

This school in the center of the city and state has made central a pride in citizenship and love for America. Its graduates proudly leave its portals with faith in democracy and concern for mankind.

Columbia High School has served her city, state, and nation in many ways, and her influence will continue to spread. She will not allow herself to slacken her influence as she grows older. She will continue to serve as the heart and center of life for the city of Columbia and its citizens.



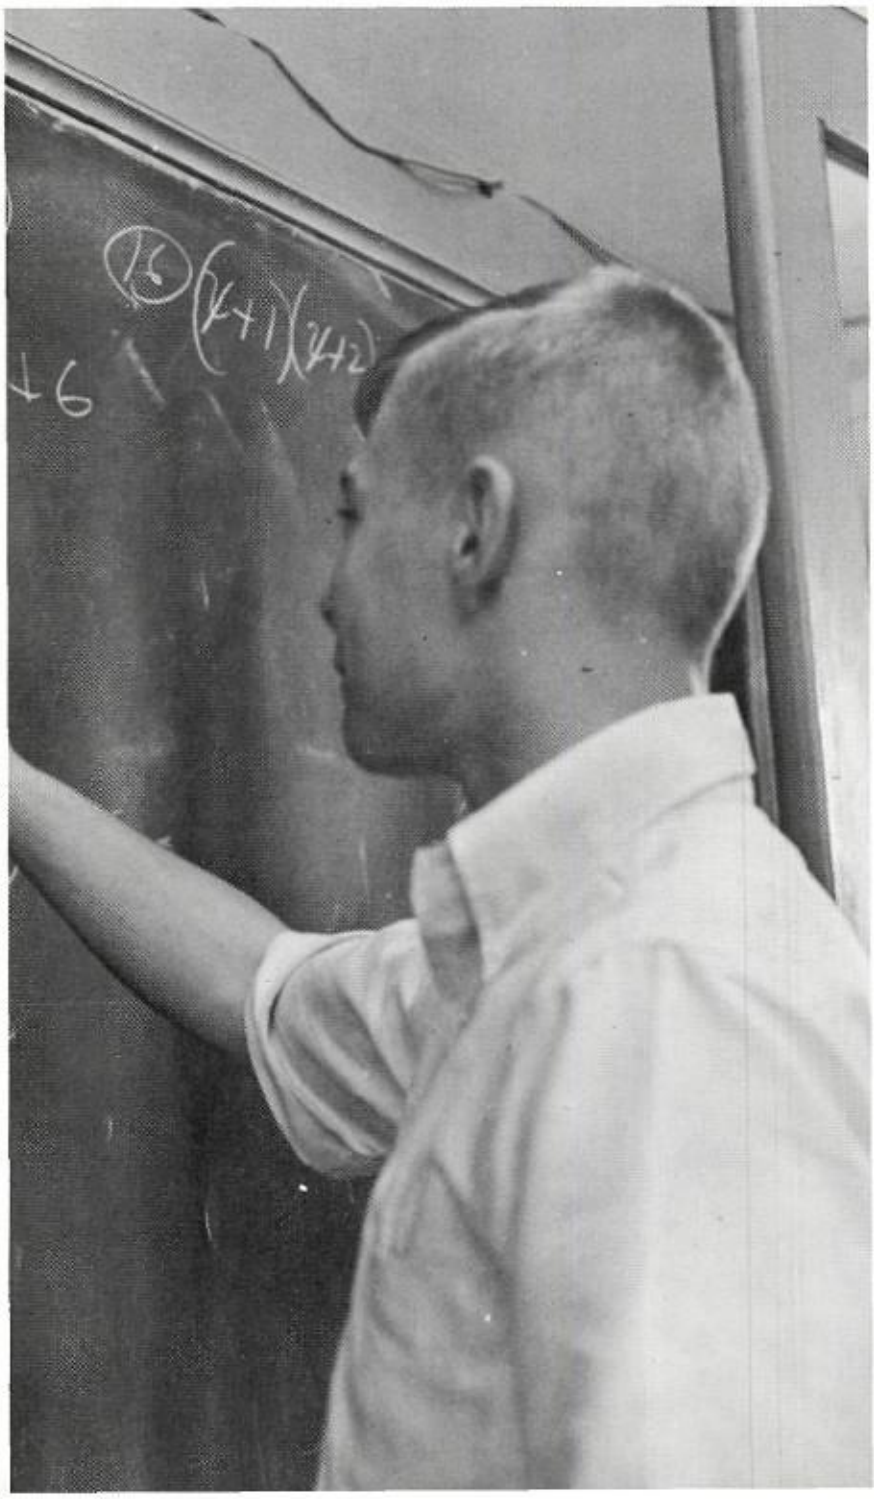


In the chemistry lab, students experiment to find the secrets about the things that make up the universe.

Investigation . . .

searching for the answers to one's own questions.

Often the mathematical figuring becomes fun and students eagerly seek extra work.



Students find the need to go beyond regular assignments and read about things that particularly interest them.

Participation . . .

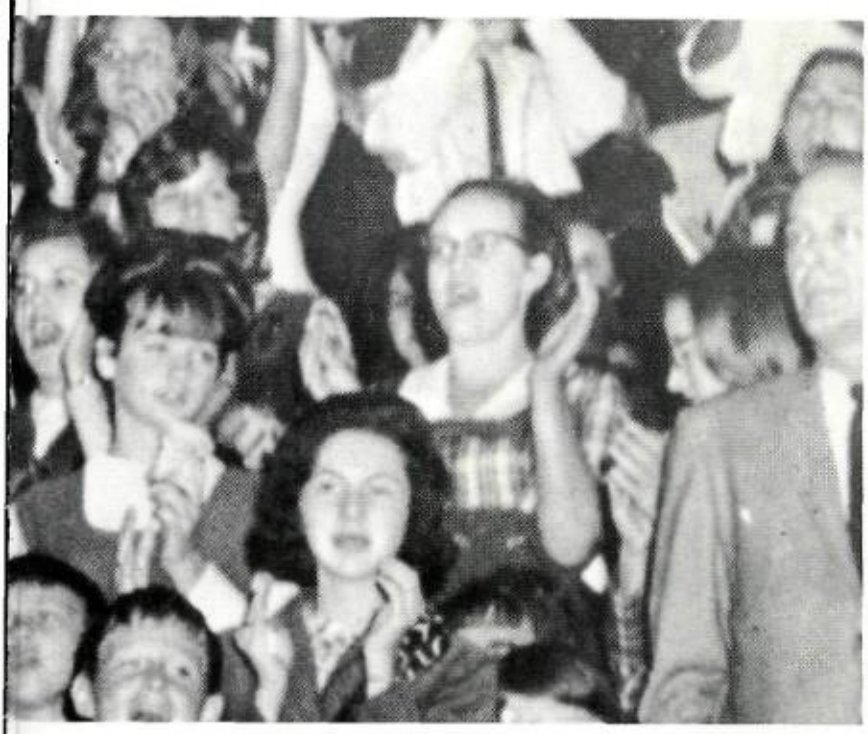
involving oneself in the life and activities of others.

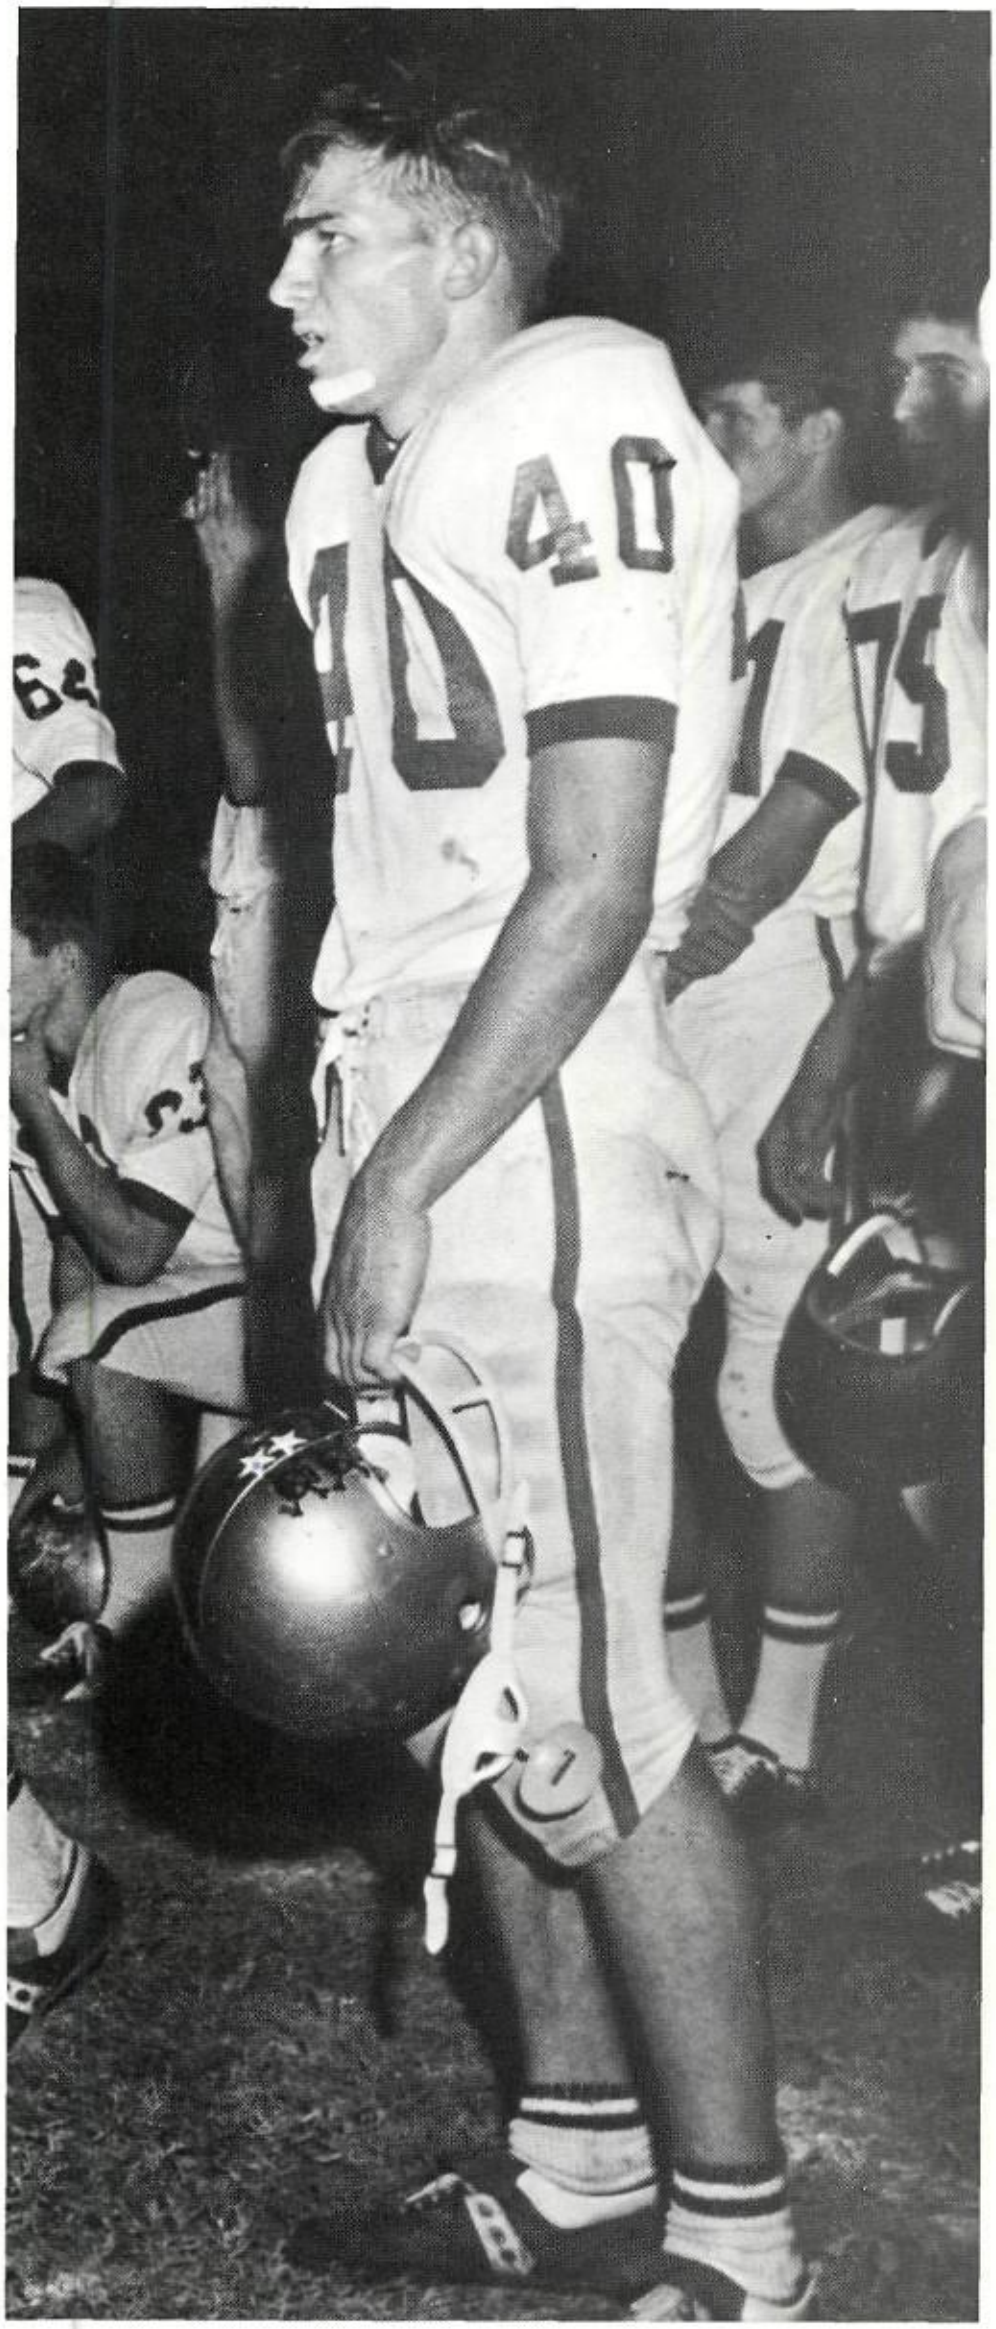
To a very sweet and smart boy who has the personality to carry him far in life. May you have all the happiness possible. Have fun this summer. Good luck Helen

Through student council, students learn democratic principles and develop leadership.

Not everyone can participate as a leader, but furnishing encouragement proves equally rewarding.

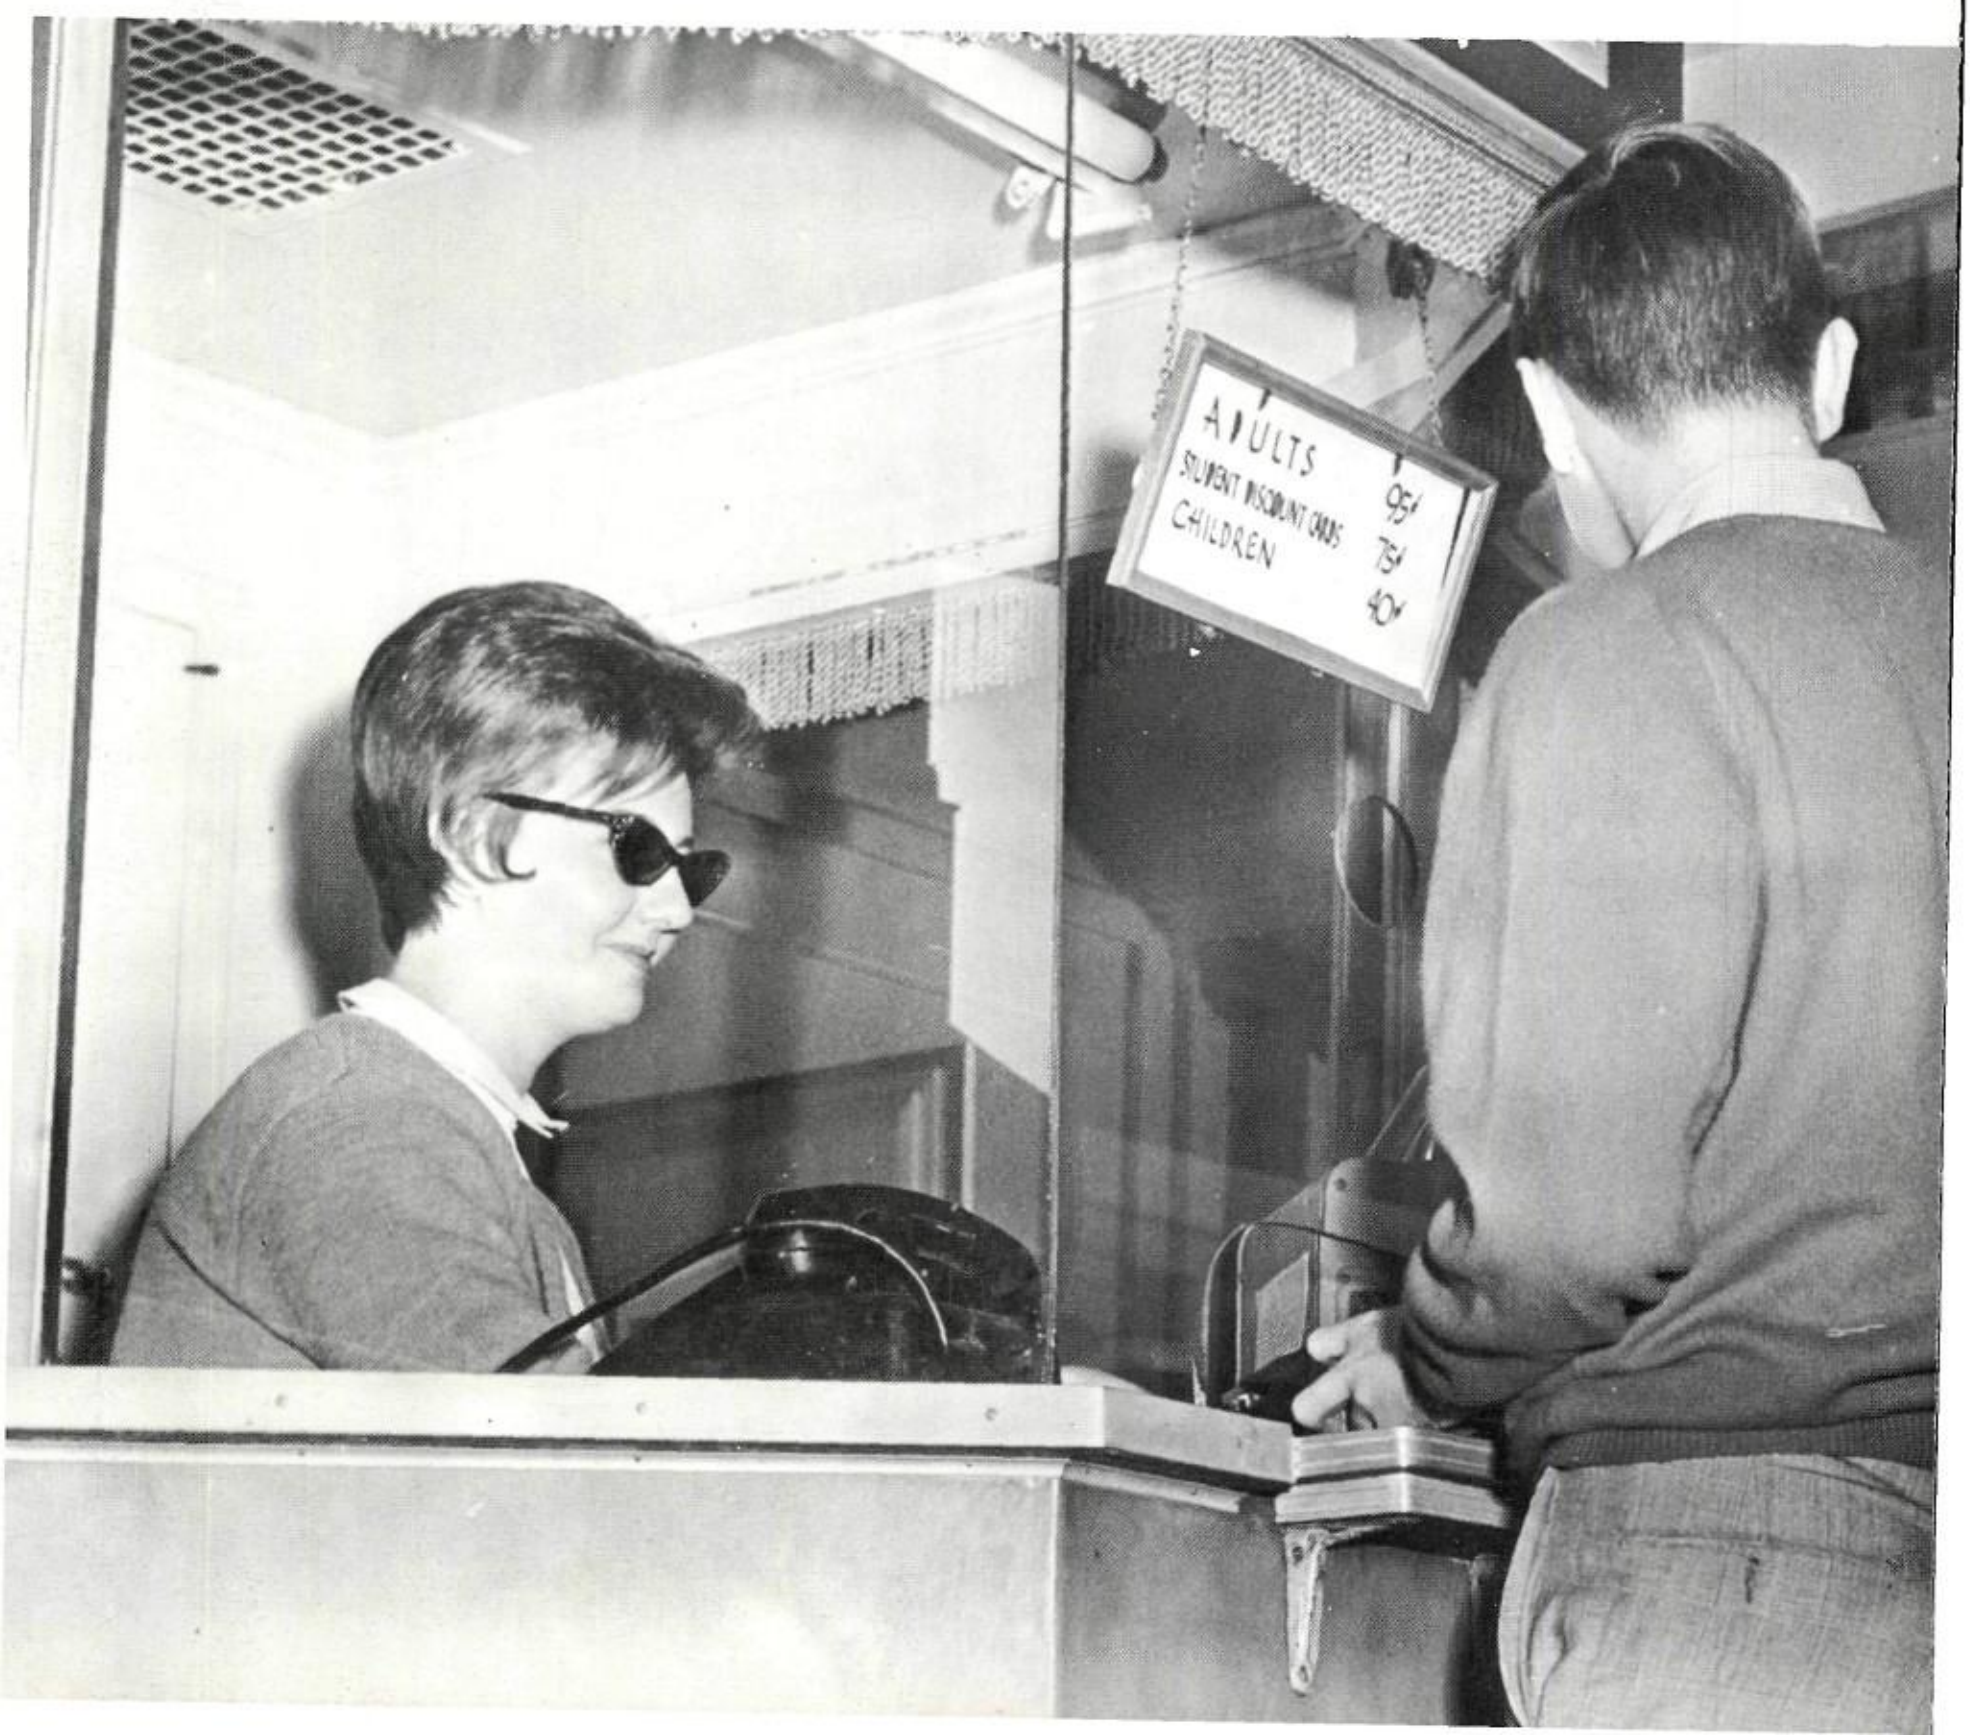
Participation is not limited to school and local affairs but *extend into national and international affairs*, especially to our fellow Americans in Viet Nam.





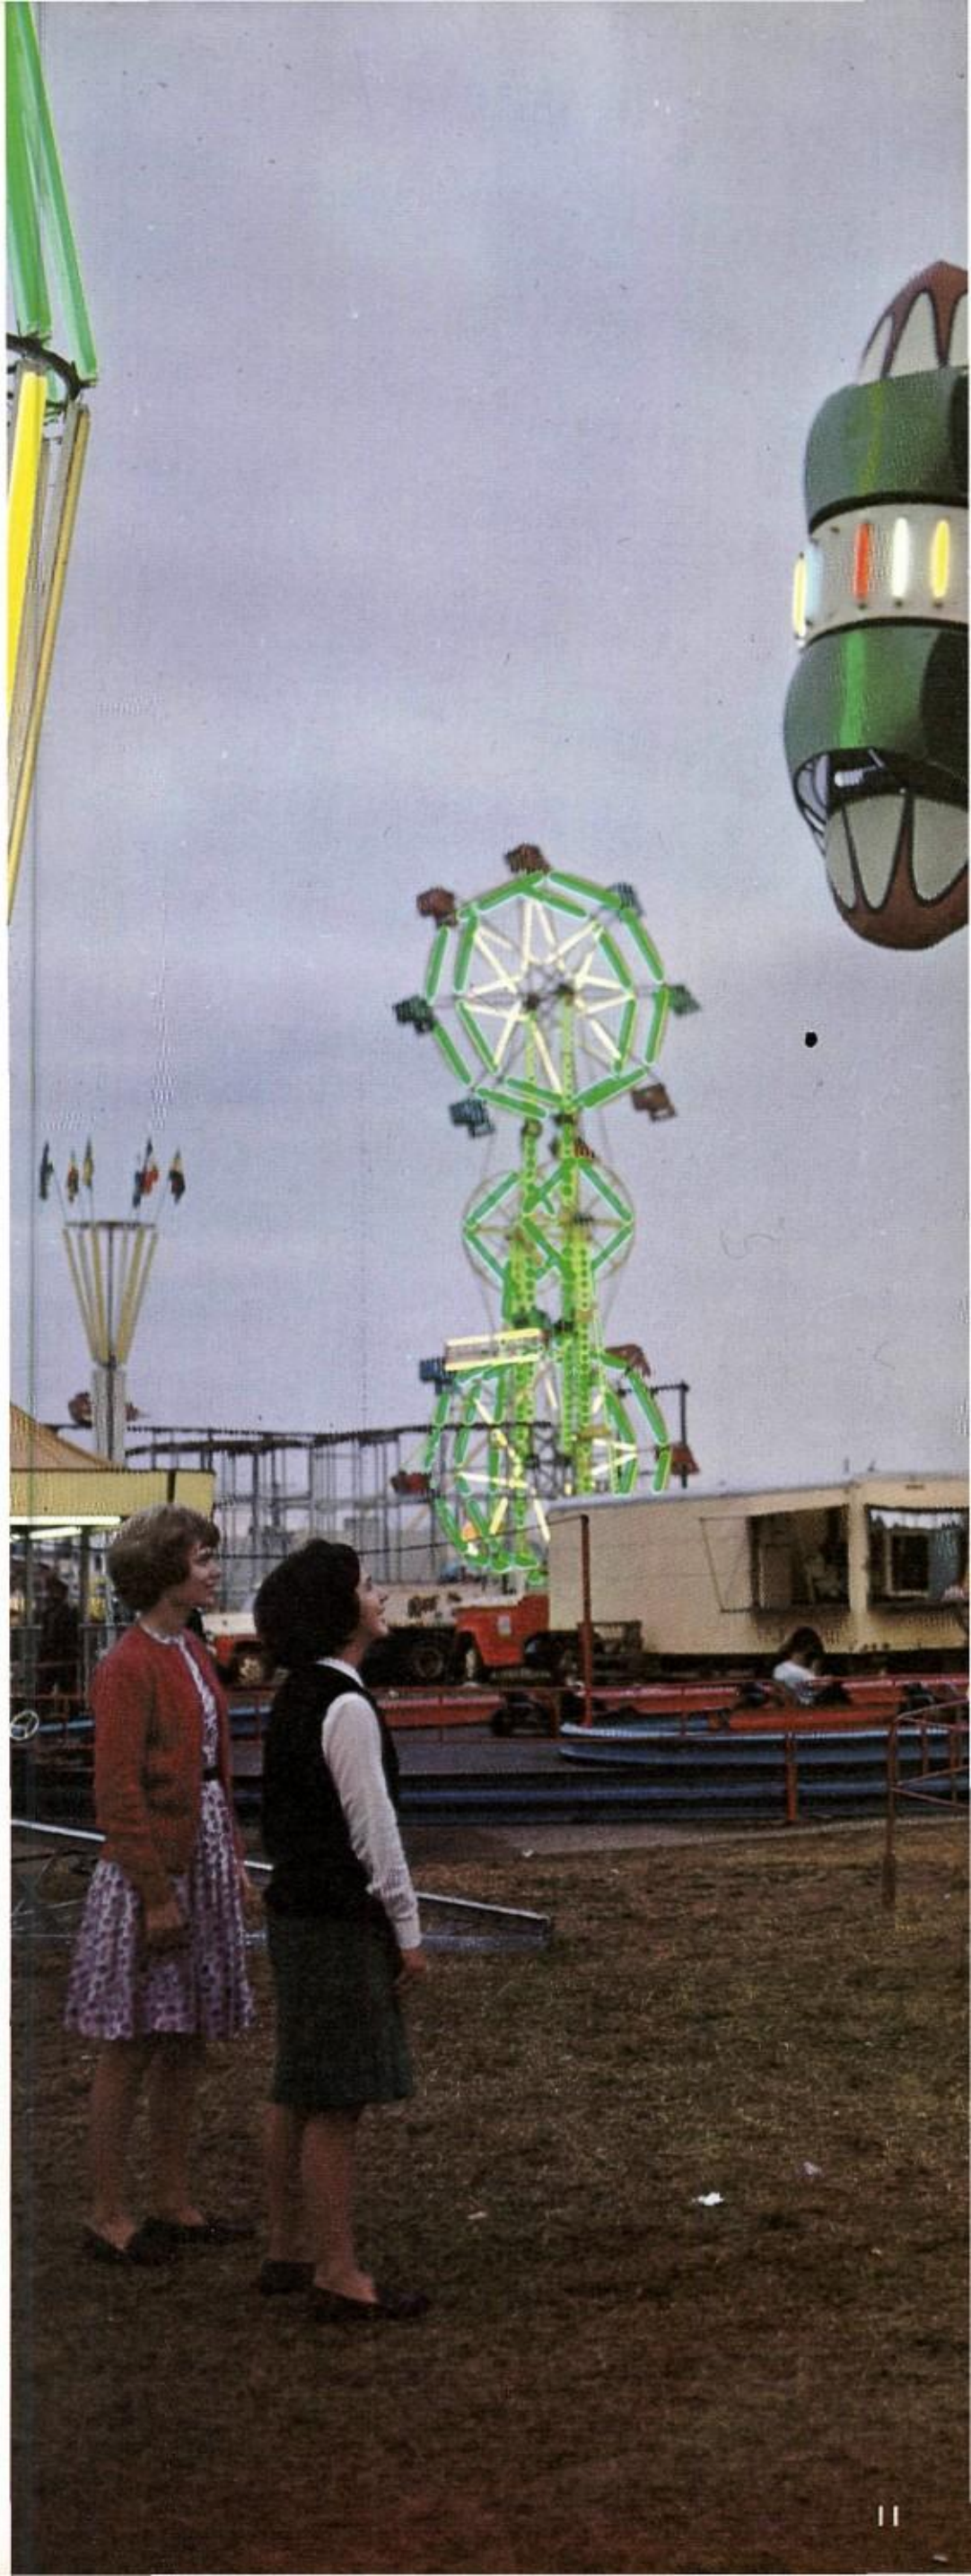
At *times activities become hard and demanding*, but *desire to* participate furnishes drive to continue.

The times spent away from school are very important because they provide a time for relaxation and release.



Variation . . .

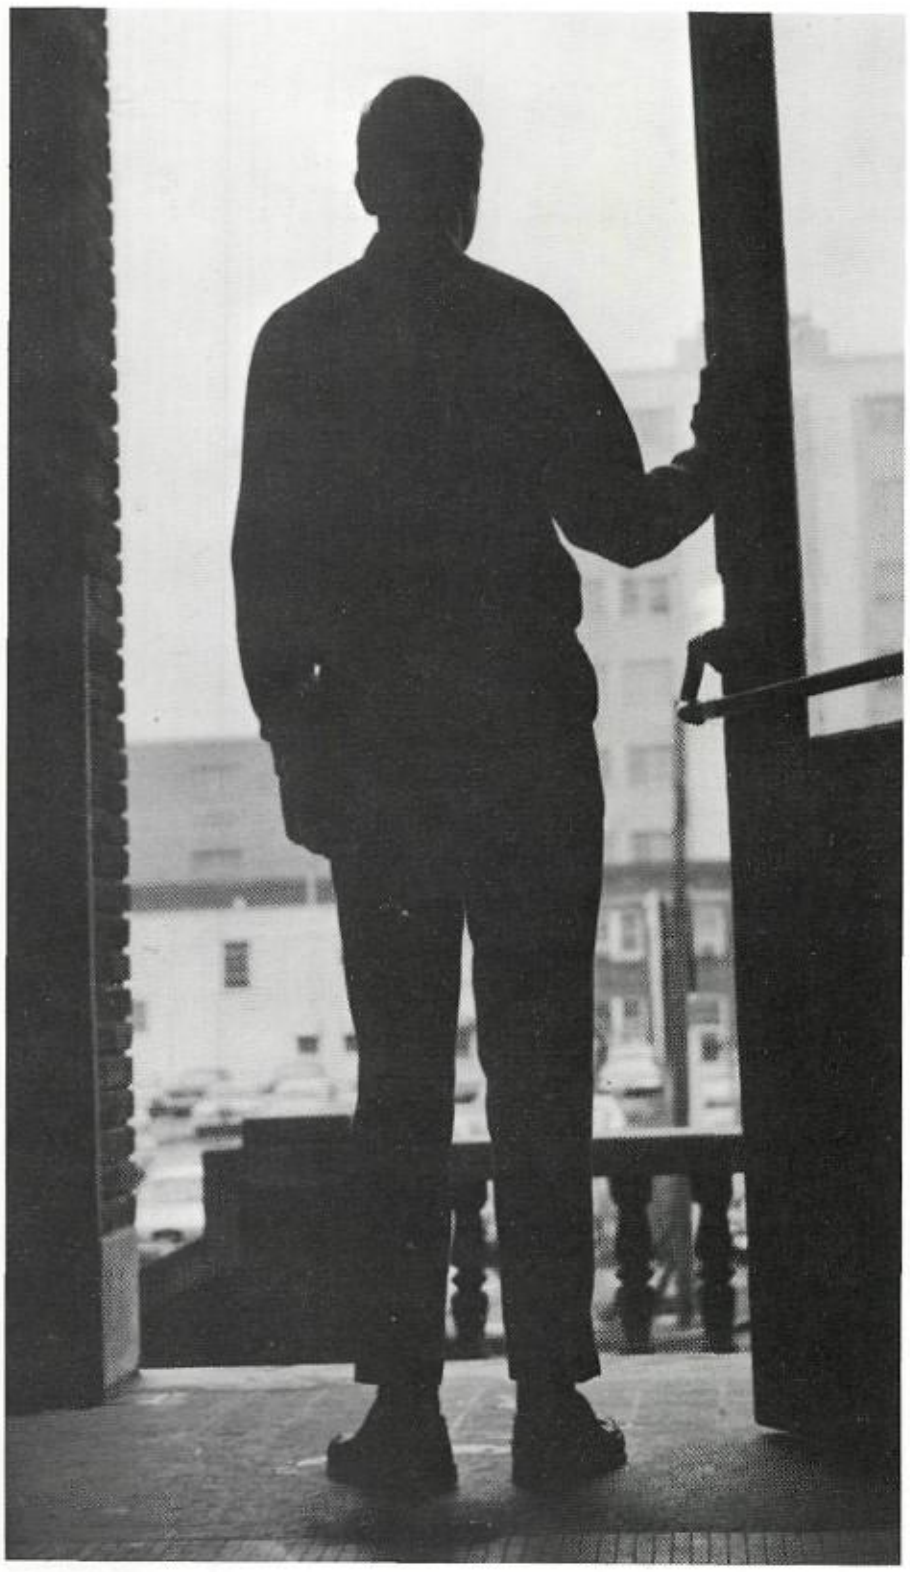
branching out
into the cultural and
social part of life.



Realization . . .

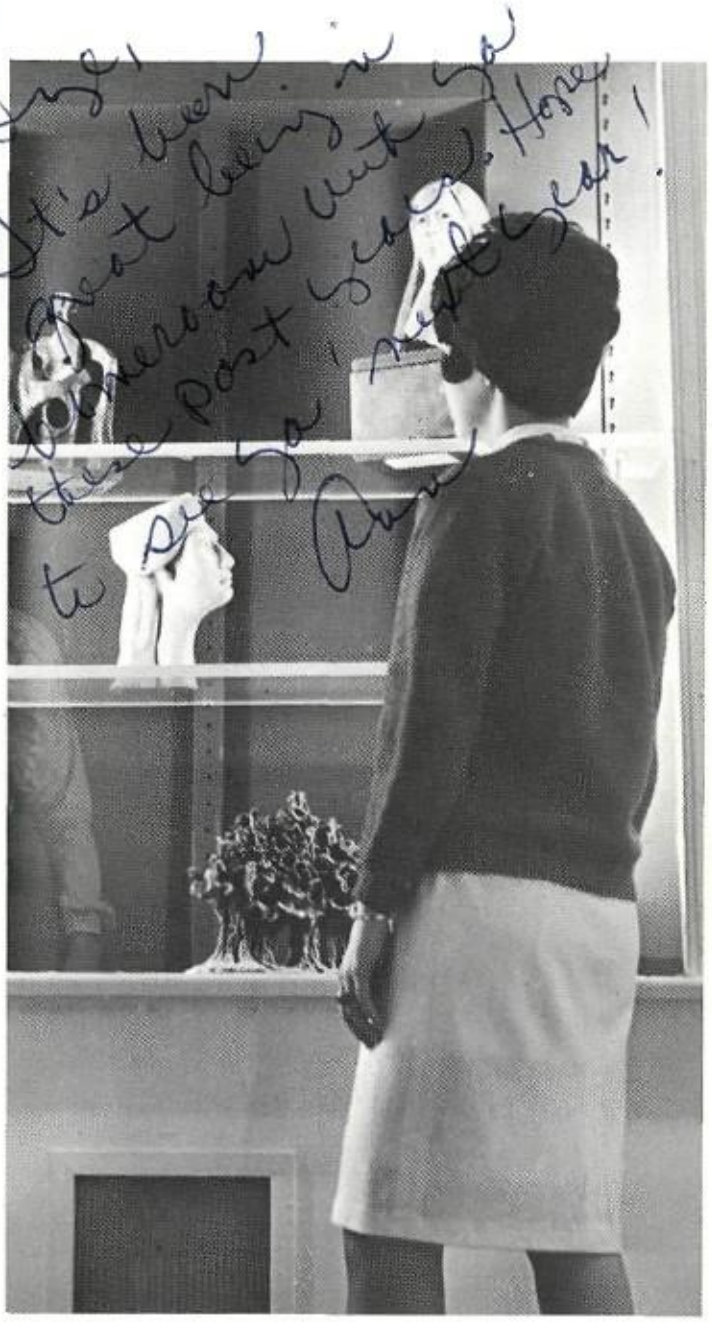
awaking to the real meaning of life

Along with seeking knowledge and maturity, teenagers also seek answers to the mysteries of life, and they find these answers in God and prayer.



At the end of the senior year students find themselves facing a world entirely different from what they have known and more demanding.

This ever-changing society demands higher education for today's graduates of high schools, and the students realize the benefits and advantages that further study brings.



With maturity and understanding students see the value of adding culture to their lives.

With Sincere Appreciation

The word "friend" is perhaps one of the hardest words to define mainly because of the many falsehoods that cloud its real meaning. A friend is a person who believes in you, is concerned about your welfare, never lets you down, and is always there through the good times and the bad times. A friend of young people is a very fitting description of the person to whom the 1966 **Columbian** is dedicated.

This person deserves the name of friend of youth because daily he unselfishly gives of his time to help the youth of today grow into the adults of tomorrow. He could not give of himself so wholeheartedly if he did not love young people and enjoy working with them. The young people that know him derive many things from their contact with him. To some his friendship means a person to confide in, to others a person to laugh with, others find someone who enables them to gain knowledge, some find a person to engage in intellectual conversation, while others find an adult to be with and believe in.

For the friendship and knowledge given the youth of today and especially to the students of Columbia High School, this 1966 **Columbian** is lovingly and gratefully dedicated to a very special friend

For the Class of 1966

Senior classes come and go, but to you there will never be any senior class like your own. It has been one of growth, development, accomplishment, friends, and memories. It would be an injustice to try to express in these few words what the members of the Class of 1966 have come to feel toward one another. It has formed a oneness that is the result of four years of work, fun, laughter, and tears. As graduation becomes history and we go our separate ways, the Class of '66 will not live in the words printed in this book. It will live in our quiet moments of memory and in our hearts.

"THEY CONQUER WHO BELIEVE THEY CAN."

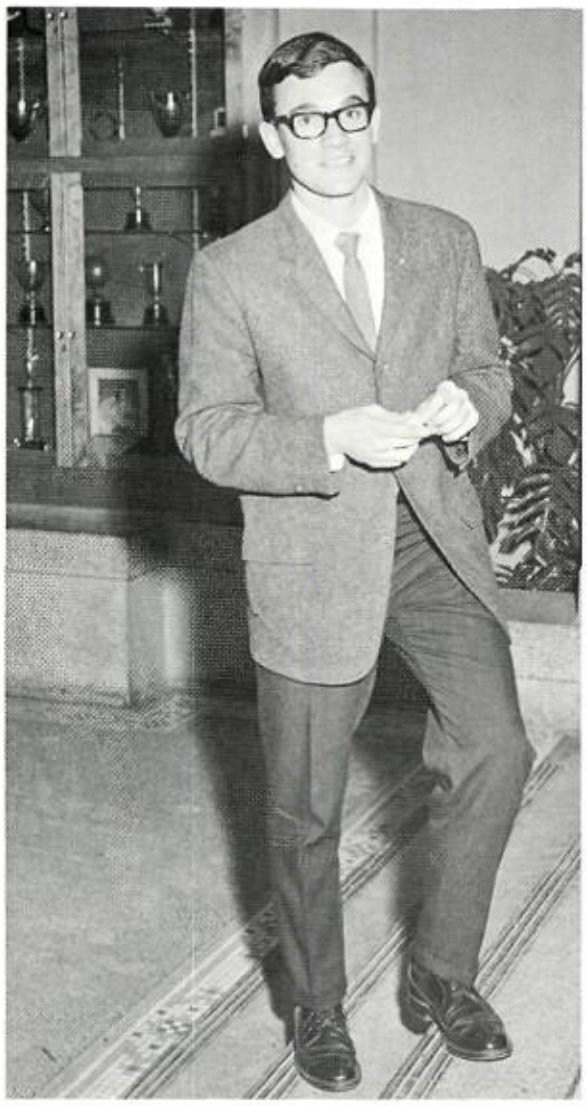
Council Prepares 50th Anniversary Celebration



STEVE HAIGLER
President, First Semester

To have a perfect nation one must have able leaders and an efficient government. A school also must have a well-governed system in order to function according to its highest capabilities.

Executive Council, the governing body of Columbia High, consists of two freshmen, four sophomores, six juniors, eight seniors, and six ex-officio members elected by the students.

Through Executive Council's excellent guidance, Columbia High has earned a name, which is respected by both the students and faculty as well as the citizens of Columbia.

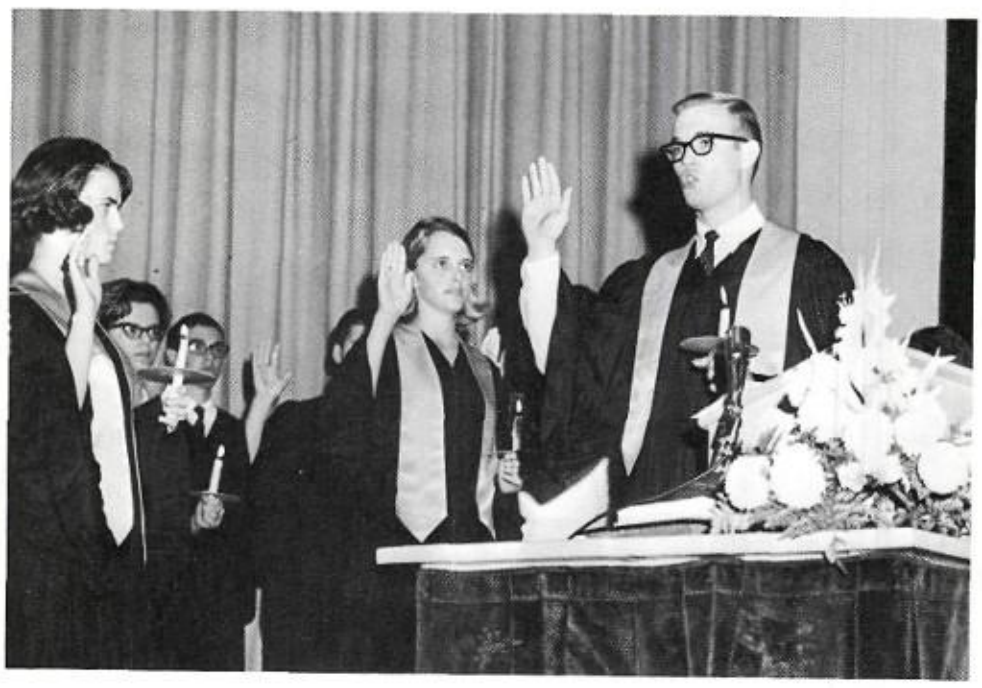
National Honor Society Members Follow Pathways

Membership into the Columbia High Estelle Parrott Chapter of the National Honor Society is based on the four cardinal principles—character, leadership, scholarship, and service.

When a student has been inducted into the Society, he has reached the highest goal he could obtain during his high school career. These persons represent the upper four percent of the student body and are one step ahead of their classmates when they leave high school and enter into the world of further education and business.



Ralph Shealy administers oath to the Honor Society.

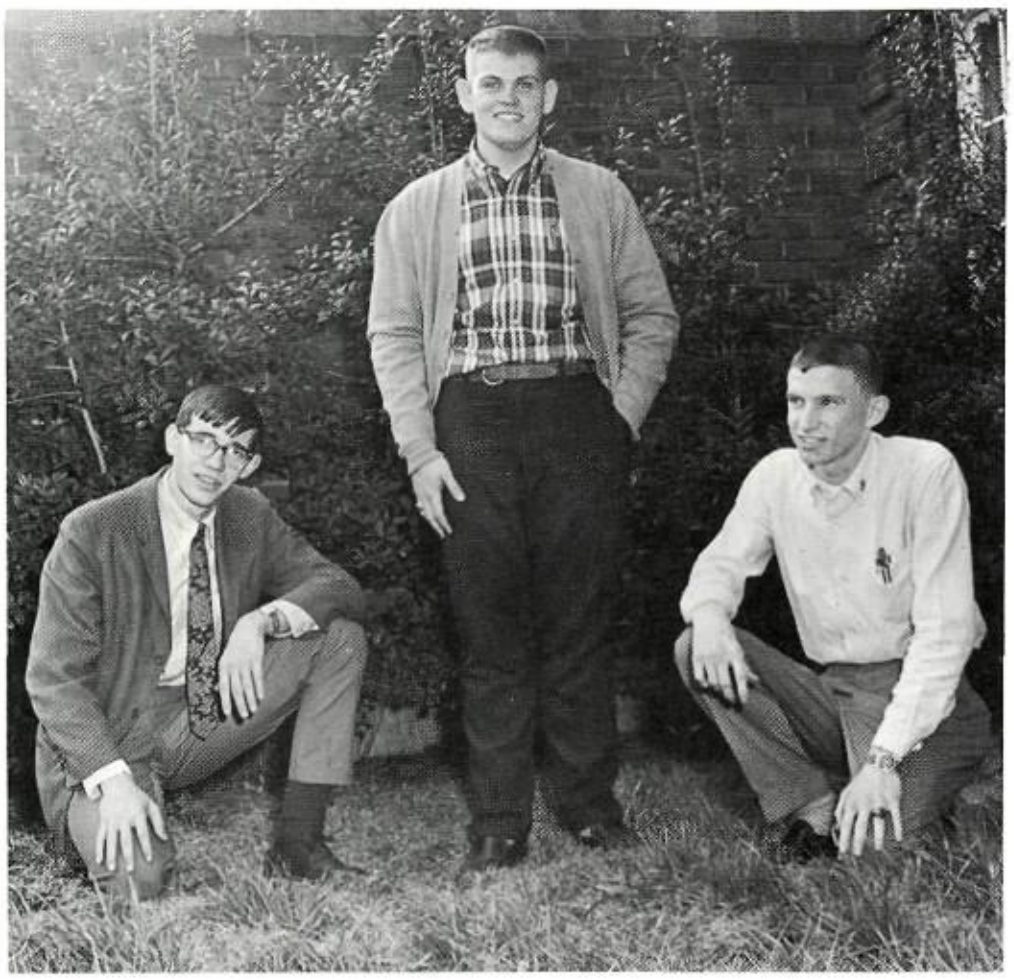
CHS Proud of Its Seven Merit-Finalists



Each year the Merit-Finalist Qualifying Test is taken by those members of the junior class who have hopes of placing among the top scorers and thus being eligible for many college scholarships.

The Class of 1966 brought great pride to the students and administration of Columbia High. Having seven semi-finalists, Columbia High School had the greatest percentage of semi-finalists from any other senior class in South Carolina. When the college board scores were returned later in the year, Columbia High's semi-finalists were all Merit Scholarship finalists.

These seven persons have proved their academic excellence to Columbia High and to the many colleges which will offer them promising scholarships.

David Denny, Tim Amick, and O'Dell Kinard.

Ten School Citizens Earn Optimist Awards

Each year the Optimist Club of Columbia presents certificates to ten outstanding seniors at Columbia High School. These ten seniors are honored first semester during a special assembly. Untiring service for school and classmates is most significant in receiving this honor.

These ten seniors represent the largest portion of the teenage population who strive continuously to better themselves and their communities. Students who receive this award must possess the basic traits of leadership, service, and scholarship.

Chosen Groups Widen Personal Accomplishments

RELIGIOUS COUNCIL is composed of students from varying religions who are chosen by Executive Council and work under their guidance. The duty of Religious Council is to outline the program for Religious Emphasis Week. This week is to bring to the students the need for religious views in the home as well as in the school.

YOUTH COUNCIL is chosen by Representative Council and they serve as Columbia High's representatives to the Memorial Youth Center. The Council plans extracurricular activities at the Youth Center.

RELIGIOUS COUNCIL: **Seated:** Elizabeth Tsolovos, Brenda Geiger, Nancy Nunn, Harriet Flanigan. **Standing:** Kim Joyner, Gaye McClenny, Ralph Shealy.

INTER-SCHOOL COUNCIL enables the area schools to meet and work together to bring back to their respective schools new ideas for further improvements of the city of Columbia and its school system. Each semester, outstanding students are elected to represent their schools at the Inter-School Council meetings, which are held at the Administration Building.

The MARSHALLS are of great benefit to Columbia High. They are juniors and seniors chosen for service on the basis of character, duty, and physical ability. The Marshalls keep order by enforcing the school's law whenever needed. They help to make for a more efficient system during any emergency.

Students Work Beyond the Call of Duty

The OLD ENGLISH "C" is given only to those students who do, beyond extracurricular activities, duties which show that they have a deep devotion to their school and classmates.

The QUILL AND SCROLL is an honorary international organization limited to seniors in the upper third of their class. To be accepted, one must have done notable work on the Columbia **Hi-Life** or on the **Columbian** yearbook. He has to have at least one piece of work judged excellent.

To be on HONOR ROLL, one must have at least two "A's" and two "B's" in all his major subjects. No less than a "B" is allowed on minor subjects. This year Columbia High had forty-six students reaching the goal of being on the honor roll.

Palmetto States Produce Better Americans

Each year Palmetto Boys' and Girls' States bring together students representing every school in the state to learn more about their American way of life. Boys' and Girls' States, projects of the American Legion, are observed at separate times, although their principles are the same.

Rising seniors who are leaders in their respective high schools set up and run a mock government. Through a series of rallies and elections, officers are elected to hold positions in their model government which is divided into parties, cities, and counties. The highlight of the week is the gubernatorial election. Each student gains insight into the working of the American government and renewed patriotism and pride in America.

KING TEEN
Gerald Brazell

All senior boys wishing to go to Wofford College are eligible for the title of King Teen. Sponsored by Wofford College, King Teen will spend a special weekend at the Spartanburg campus.

Considering the qualifications of scholarship and leadership, the Senior Class elected Gerald Brazell as their 1966 KING TEEN. Gerald has given Columbia High many hours of his extra time in promoting better school spirit and student leadership.

DAR GIRL
Susan Farley

Each year the senior class and the faculty elect a senior girl who best exemplifies the traits of honor, service, dependability, and patriotism to be their DAR GIRL. The title is presented by the National Society of the Daughters of the American Revolution.

This year Susan Farley was chosen as the 1966 DAR GIRL. The service she has given to the school has proven that she is well qualified to receive this high honor.

MISS HI-MISS
Rosemary Warner

Miss Hi-Miss is sponsored each year by Winthrop College in order to promote scholarship, leadership, and service to the school and community. Miss Hi-Miss is selected from a field of girls who plan to enroll at Winthrop College.

This year the Junior Class elected Rosemary Warner as their 1966 Miss Hi-Miss. She will represent Columbia High at a special Winthrop College Seminar.

Rosemary has proven her abilities as an honor student and an able school leader.

Godbold Award Requires Extra Time and Effort

Students begin working towards their Godbold Activities Award as soon as they become Columbia High freshmen. Every club joined, each office held, and all their extra time and effort move them closer to achieving one of Columbia High's greatest honors.

The Godbold Activities Award, named for Miss Sarah Godbold, originator of Columbia High's point system, rewards those students who have earned at least sixty points from participating in extracurricular activities or from student leadership.

The recipients of the Godbold Award have served Columbia High in many phases of school life—leadership, athletics, and in scholarship.

This award is truly one of the highest goals sought by the students of Columbia High.

Miss Columbian 1965 Awarded Highest Honor

Of all the awards given, the Goudelock Scholarship is the most desired by any student. This award was named for a former student body president, Bill Goudelock, the first Columbia High graduate to lose his life while fighting in the Korean War. The recipient of this honor should exemplify traits which Bill possessed—honesty and loyalty to one's school, friends, and associates; patriotism for his country; standards of highest morals; and capabilities of leadership.

Jane Iverson personified each of these qualifications and certainly deserved the honor. While Jane was at Columbia High, she served in many areas of responsibility. She held the position of student body secretary and was a representative to both Executive and Representative Councils. In her senior year Jane was a recipient of both the Godbold Activities Award and the Optimist Youth Award.

She was also chosen "Best School Citizen" by the Senior Class. Jane represented Columbia High at Palmetto Girls State and was a delegate to the S.A.S.C. Convention in Florida. At the end of her freshman year Jane was elected to Anchor Club of which she later served as secretary and president.

Jane not only had the qualities of a leader but also those of a scholar. She was named to the Honor Roll several times and was a member of the National Honor Society.

Jane Iverson, chosen Miss Columbian 1965, was Columbia High's perfect combination of talent, brains, and beauty.

UNDERCLASSES

Class of 1969

The Freshmen of 1965-66 entered Columbia High with eager anticipation of what the next four years would bring. With the close of the 1966 school year, the future class of '69 was left with many hectic, happy memories.

"Group II will go to assembly today" . . . "Save me a seat" . . . "Could you please tell me where the girl's gym is?" . . . "Rat Court is next week, you know!" . . . "you mean we really get to leave the school for lunch?" . . . "Where's the library?" . . . "Two bits, four bits" . . . "I think I'd ask her for a date if I were a little taller."

In Memoriam

MARY KAY YOUNG

We all wonder why things happen as they do,
We search in vain for a reason, but none is there,
Though our remorse is unbearable, our grief overwhelming,
We must still face tomorrow, no matter what it may bring,
We must show no bitterness nor show any grief
For now she is an angel of God, a maiden of the Heavens
Beyond compare, she is happy with God in His
Kingdom so fair. She is free from all earthly pain
And discomforts that face us through our lives,
She is cradled in the loving arms of God
And Heaven is a little brighter tonight.

"HERE COME THE CAPS TO KNOCK ON YOUR DOOR!"

Caps Crush Three Victims

The 1965-66 "Go Get 'em" Capitals under the able coaching of Mr. Gus Allen, Mr. John Temples, and Mr. Tom McCaulley humbled three of their eleven opponents.

Sandwiched between losses to Eau Claire 24-0 and Orangeburg 25-0, the Caps walloped the BC Bearcats 18-0 to break a long losing streak. The hard-hitting Capitals knocked the air out of the Airport Eagles and went on to score their second win of the season 6-0.

Due to injuries to key players, the Caps lost the next four games. Victory came again at the expense of Greenville 26-6. They put on an offensive display that left fans awestricken and Greenville bewildered.

Following an open week, the Caps went on to drop a 20-0 decision to Flora, before meeting cross-town rival Dreher and losing 13-6.

Credit and thanks go to the efforts of Coach Allen and the fighting Caps for restoring football respectability to CHS.

J.V.'s Look Forward to Varsity Year

Victors in three of their eight outings, the J.V.'s scored in all but one of their games and showed of things to come. Coached by Reggie Christopher and Ernie Mathis, the junior varsity romped over Airport 32-0, Dreher 27-13, and Sumter 7-6. They also lost two close games, 13-6 against Orangeburg and 12-6 against Dentsville.

Coach Christopher listed Mike Richister, Billy Beard, Ronnie Amick, and Mike Prince as having varsity potential. Christopher felt that the experience gained by the eight players who went to the varsity will help next year.

"B" Squad Readies for '68

The undersized Capitals suffered a winless but not necessarily fruitless season. Lessons learned from this school of hard knocks will prove invaluable next season. Offensive punch seemed lacking as the "B" squad failed to score in their first outings. The only bright spot in an otherwise dismal season was the scoreless tie with Airport. Coached by Ken Lester, former Gamecock lineman, the B squad put together their best efforts against B. C., Dreher, and Olympia, losing 6-0, 14-7, and 13-0 respectively. More experienced and bigger boys should produce a winning season next year.

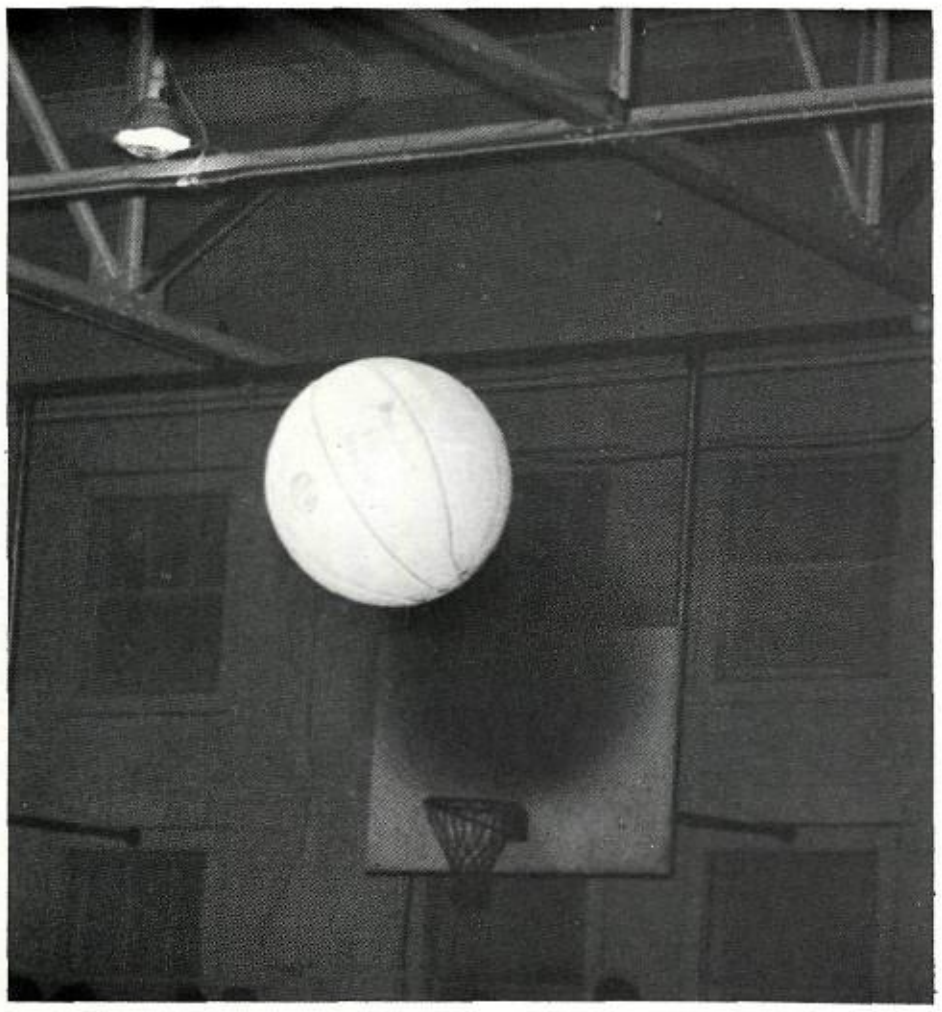
hustle, desire, and teamwork merit 19 and 5 Record



The season is over, and the buzzer has sounded for the last time. For the seniors this was it; their grand finale has reached its climax. As they pull their sweaty uniforms off, a strangely silent coach comes by, and as he places his hand on their shoulders, says "thank you" and "good luck." This is all that is said and all that needs to be said.

The season is over. Never again will their stomachs knot and their mouths become dry as they protect a slim lead. Never again will they taste the sweetness of victory over Flora, Dreher, Orangeburg, Eau Claire, or B-C. Nor will the bitterness of defeat linger within them so badly that they can neither eat nor sleep. Because, you see, the season is over.

The bright lights, the yelling crowds, the tense moments, the happy smiles, and the lump in the throat as the announcer reads—"And, at center, number . . ."

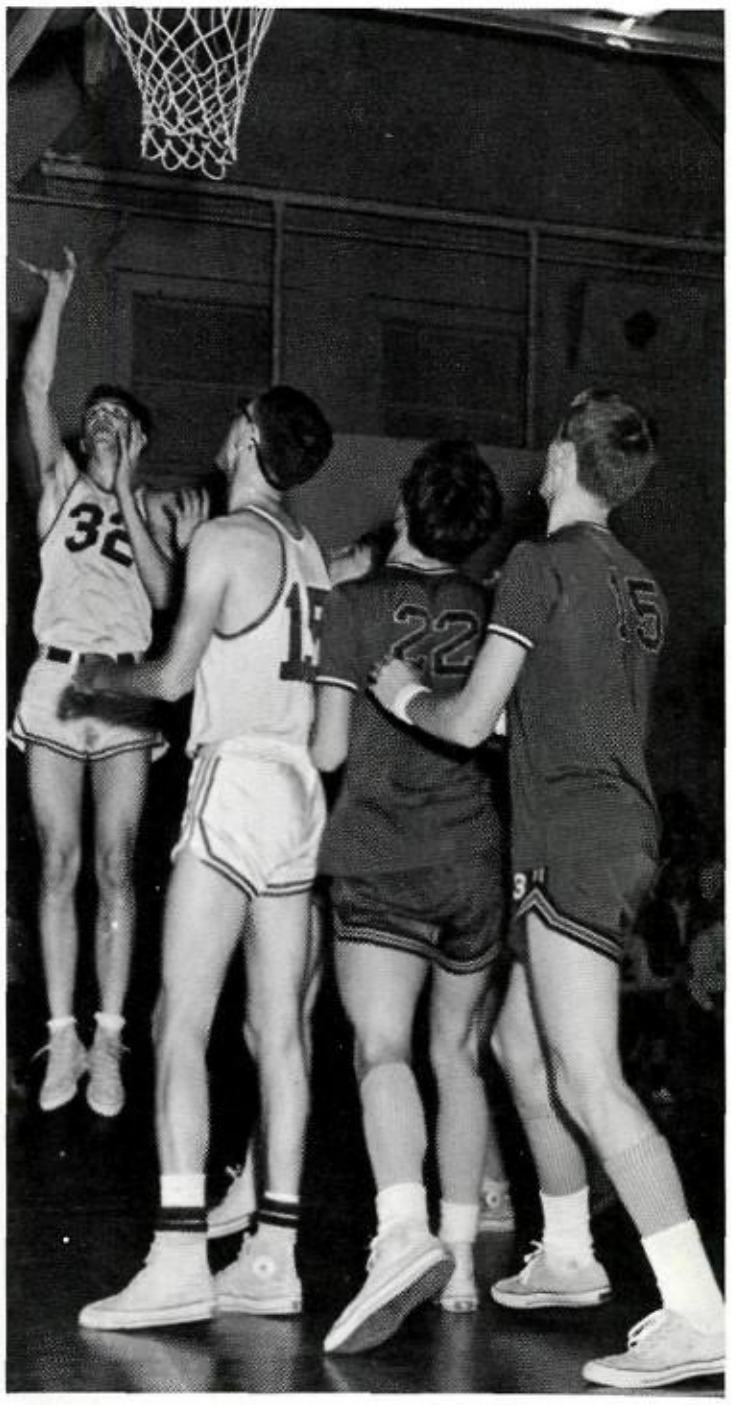
Junior-Varsity

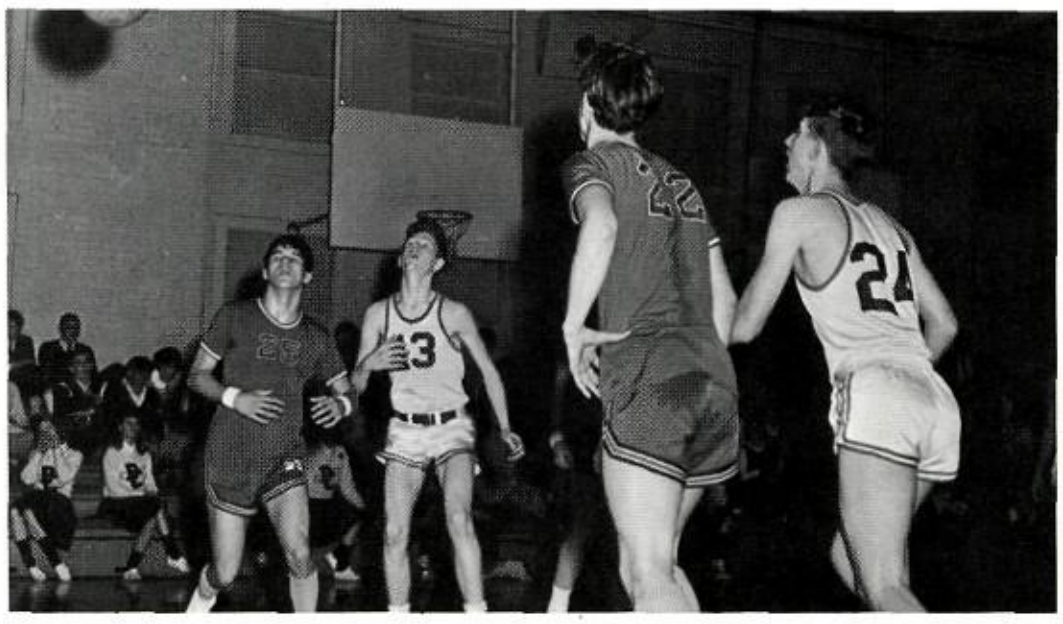
The J. V.'s, coached by John Temples, finished the '66 season with an excellent 13 and 4 won-lost record. Led by Richie Eisenman, captain, and high-scoring Rory Magargel and Bernard Kearse, the J-V's rolled over such teams as Dreher, B-C, and Eau Claire.

Most of this year's J-V team will go to the Varsity next year, and it is a certainty that they'll help out a great deal.

Congratulations are extended to Coach Temples for producing such a fine team and to the boys for playing so hard and so well.

Team Effort Produces Winning Season of 10-3





This year's B-Squad team compiled a winning record of 10-3. Coach Tom McCaulley did a remarkable job in his first year as coach in making the boys winners, as well as teaching them the fundamentals of the game.

John Halloran led the team in scoring and Doug Helms in rebounding. It was a team effort, however, and not just one individual that brought the team success. Congratulations to them all!

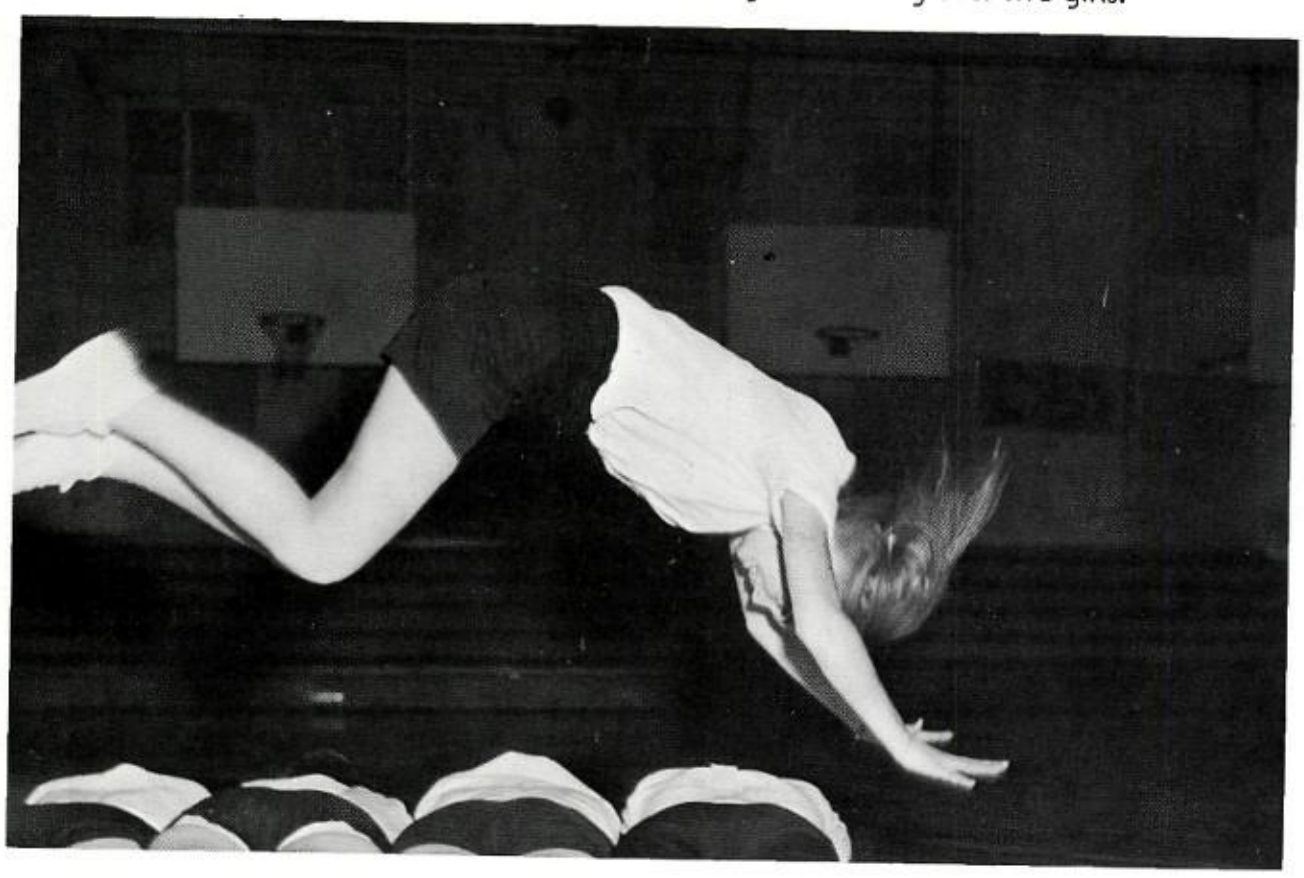
Mrs. Love is a friend as well as a teacher to her girls.

Judy Girdler hopes to make a safe landing after diving over five girls.



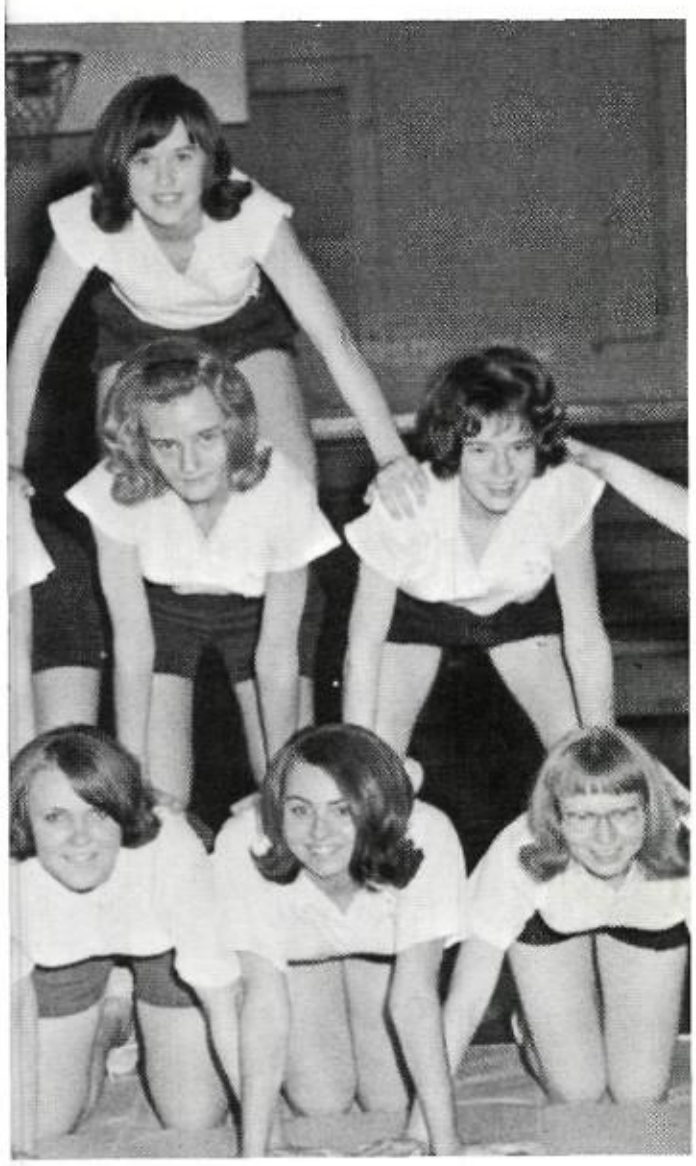
The coveted block "C" is earned by obtaining a total of ten points in various afternoon activities. One point is awarded to a girl for participating in a sport. If she makes the varsity team, she receives three additional points.

Mrs. Sudie Love is in charge of both freshmen and upperclass gym classes.

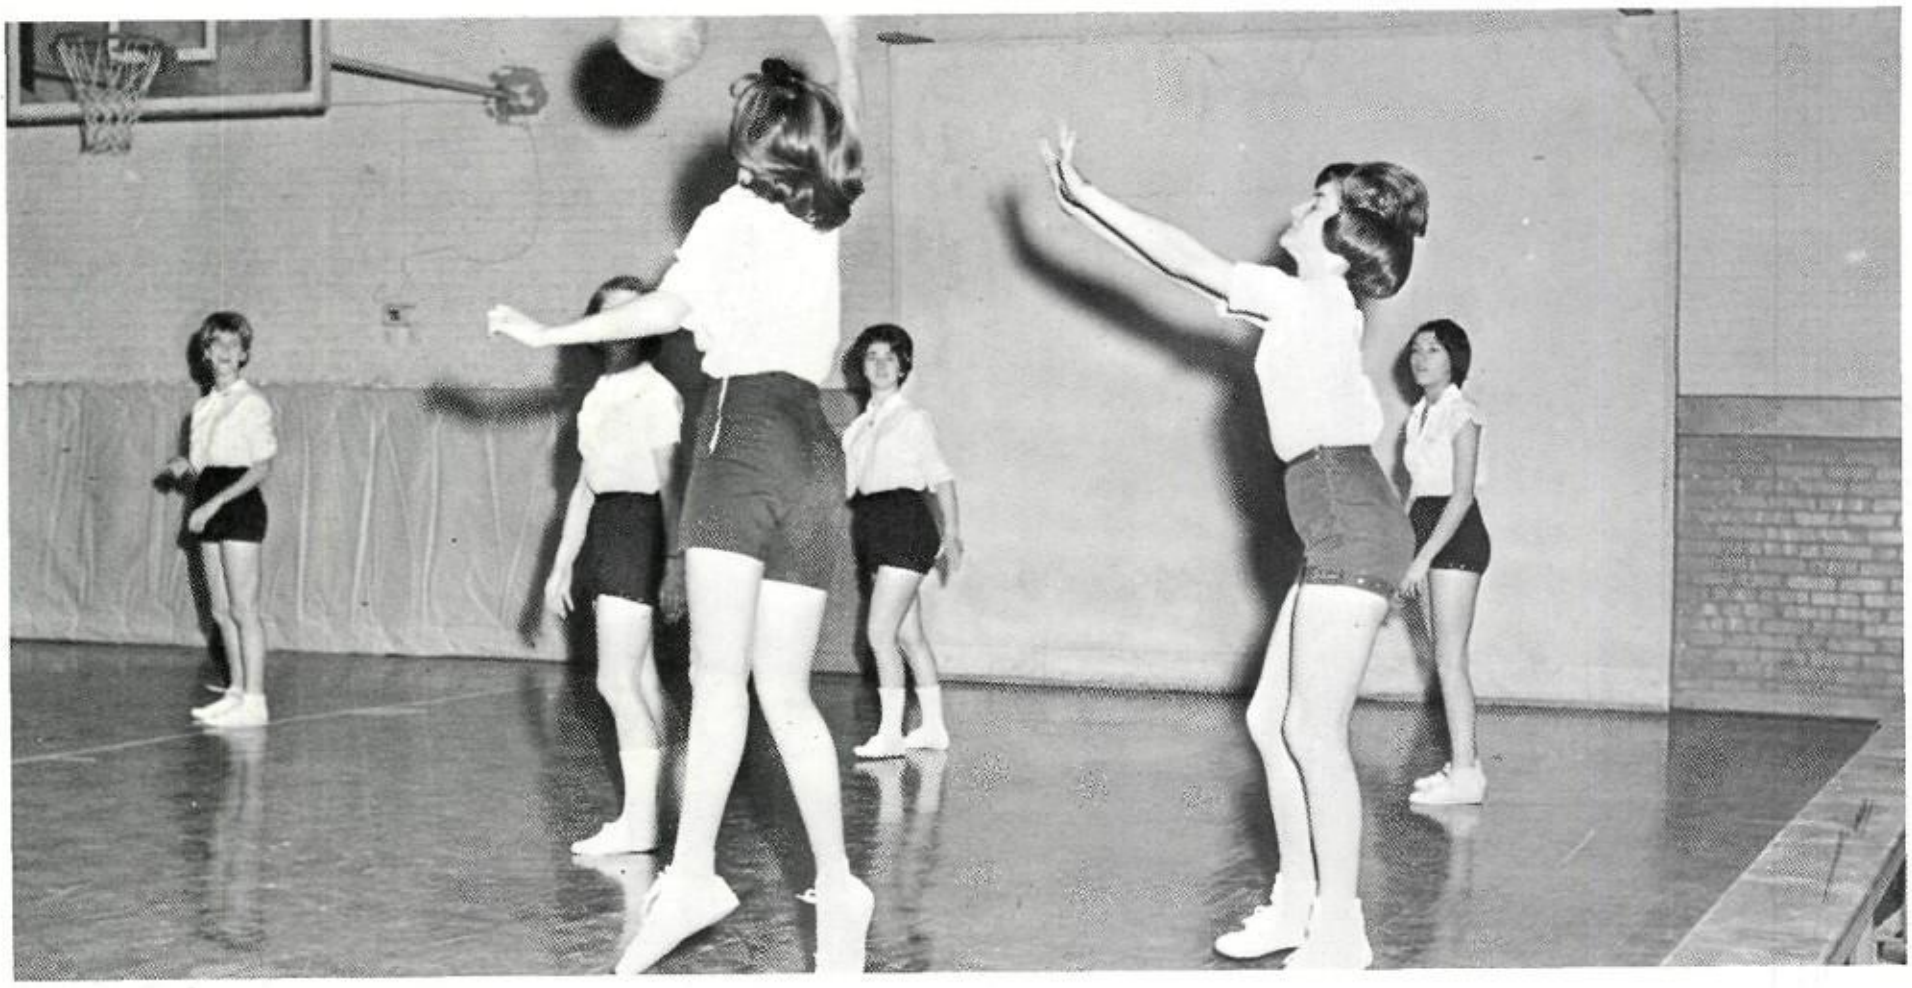
She also teaches health and sponsors the girls' after-school activities. Having taught at C.H.S. for seven years, Mrs. Love has earned the respect and admiration of all the girls.

After doing various exercises which strengthen and increase agility, the girls begin tumbling on the mats. Individual and couple stunts as well as pyramid building are taught.

These girls discover that pyramid building can be fun.



Mrs. Love assists Linda Byrd with a hand stand.



"That one ought to make it!" hopes Sharon Kennedy.

Volleyball Teaches Teamwork

Volleyball begins the season of girls' sports. The basic rules and regulations are taught in the gym classes. Girls who excel in this sport participate on the afternoon volleyball team. Duplicating last year's record, the varsity team placed second in the City Volleyball Tournament.

Student officials Sharon Kennedy and Annette Massalou prepare for a volleyball game.

Aim for Coordination

Archery is a favorite sport among the girls at C.H.S. At the close of the season a tournament is held. The girl shooting the highest number of points becomes the champion.

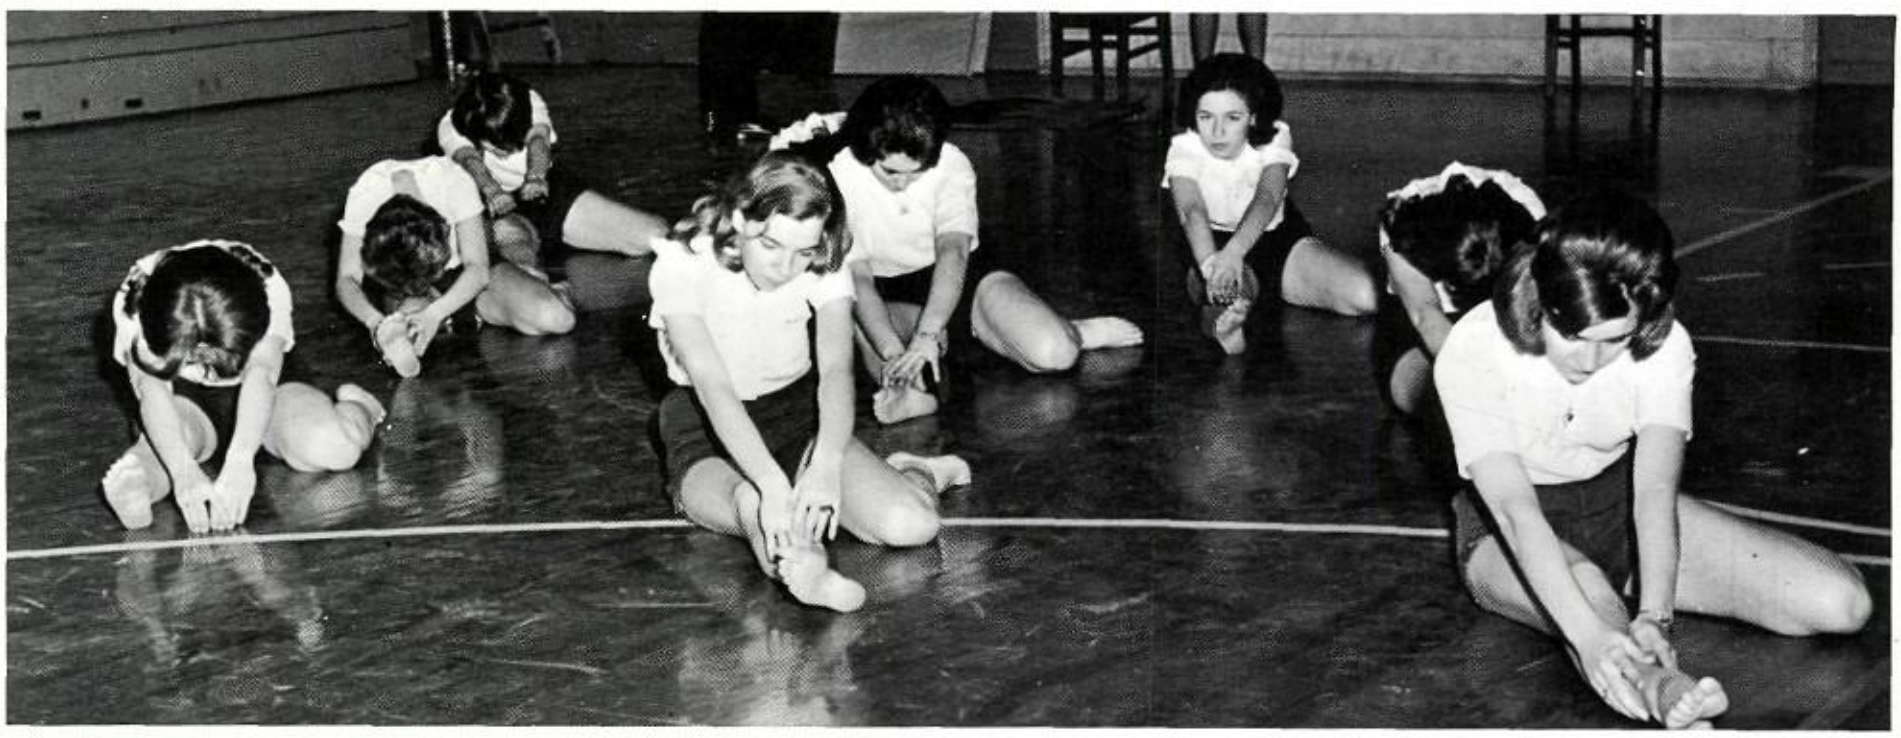
Modern dancing is the newest addition to the gym classes. The purpose is to better muscular coordination and posture. Rhythmic fundamentals and basic dance warm-up exercises are taught.

Columbia High has an excellent girls' track team. Last year C.H.S. won first place in the senior division of the City-Wide Track Meet. The field events include the shot put, the softball throw, the high jump, and the standing and the running broad jump.

Wheeler, Edwards, Furr, Jacoby, and McKracken prepare for archery class.

"Halt! Don't come any farther," warns Judy Wheeler.

Warm-up exercises help to limber tight muscles.



Betty Lynn Price, Sylvia Patterson, and Cathy Sox burst forward for the 100 yard dash.

Sharon Kennedy makes a running broad jump.

"Up and at 'um." says Naomi Berry.

"Let her fly," exclaims Sylvia Patterson.

The Best Years of Our Lives

by SUSAN FARLEY

"Columbia High, our alma mater, praise to thee we sing"—praise for the way of life that you have taught us. "Our faith and loyalty forever to thy portals bring"—faith in the ideals that you stand for, loyalty to one who has helped us find ourselves. "As on through life we make our way, our memories will not fail"—cherished memories of the most important years in our lives. "All glory, honor, praise to thee"—no one deserves it more—"Columbia High School, hail."

Yes, hail to thee, our alma mater. It is you that guided us through the best years of our lives. You instilled in us a wisdom that far exceeded that found in books. You helped us define our goals in life. You are now a part of each of us.

Our first real contact with you was Freshman Orientation Day. We sat in the auditorium and listened as Mr. Kirk and student leaders told us more about this strange, new place. We were introduced to our homeroom teachers who were soon to become like second mothers. After a guided tour of the building we were sure we would never be able to find our way around.

The first few days we felt as small and insignificant as a lone minnow in an ocean. We soon made new friends and began to feel more at home. We sat in the sections reserved for our crowd in the auditorium each morning. These were our friends; yet at times we felt alone—these were not our friends; we were alone in the big, wide world.

Pep rallies and football games soon brought a close to our first semester with you. We witnessed our first awards assembly and wondered if any of us could ever receive the honors awarded the upperclassmen.

Our first installation assembly, our first class beauty, our first annual, our first election, and our first basketball games stand out in the memories of our freshman year.

After several months of assemblies in the gym during our sophomore year, we were introduced to your newly-renovated auditorium. New seats, lights, flooring, curtains, and stage helped give Johnson Hall a new look.

We became more interested and active in school affairs. Shall we ever forget the football games and the night we won the Region I AAA basketball tournament?

At last our junior year arrived and with it the realization that we were upperclassmen. As time passed, our love for you, Columbia High, deepened. Some of our classmates were now holding positions of honor. One of our classmates broke the school scoring record in basketball. He was the leading scorer in statewide AAA competition as he led the "Capital Cagers" on to the regional championship.

We swelled with pride in our entire student body for the cooperation and enthusiasm which spurred the success of the National Honor Society Convention to which Columbia High was host. We sold candy to speed up the renovation project so that students from all over the state could see you at your best.

The rest of our junior year passed quickly as we received our class rings, made plans for the Junior-Senior and our senior trip to Nassau.

Then came the greatest year of them all. As we entered our senior year, there was a vacancy that we would have to fill. The self-confident, capable seniors who had been our friends and whom we had respected so highly were gone. Now the freshmen, sophomores, and juniors were looking up to us for leadership; and we realized the responsibility we had to them.

The student leaders who spoke to the new students on Freshman Orientation Day were members of our class. So were the officers of the student body, presidents of Honor Society, editors of **The Columbian** and **Hi-Life,** and head cheerleader. There were so many competent leaders that there weren't enough offices to go around.

The year buzzed with activity as the Green Stamp campaign was launched. Months of hard work were culminated in the 50th Anniversary Celebration. Our football team snapped the losing streak and our basketball team was the best yet. Members of our class were selected as captain of the All-Area basketball team and the City-Wide Miss Flame.

We elected our class officers and voted for senior superlatives. We selected our Motto and class colors and realized that this was the last year with you—for us, the Class of 1966.

Measuring for caps and gowns, ordering graduation invitations, the Senior Banquet, the Junior-Senior—all these events served as reminders that our days with you, Columbia High, were fast coming to an end.

Now the students being recognized in the awards assemblies were members of our class. What once had seemed impossibilities had now become realities.

We began to appreciate the many things we had taken for granted for the past three years—the advice of our homeroom teachers, the guidance of our class counselor and sponsor, the understanding and patience of our principal, our many friendships.

Shall we ever forget the cheering in the cold air of the stadium at our football games and in the humid gym at our basketball games? The smell of coffee in room 107, the odor of the gingkos in the fall, the trace of pipe smoke in the office, **West Side Story, The King and I,** and **Charley's Aunt**—these are our memories. Memories of the Godbold Assembly, Mrs. Babcock's birthday celebration, the Key Club variety shows, Twirp Court, "Stampman," band and chorus concerts, nominating conventions, and Rat Week will stay with us.

We'll miss you, Columbia High School; and we thank you for the best years of our lives.

PARDON OUR DEEP BOW....

When someone asks how you are doing, the inclination is to say "Just fine!" and let it go at that. But we want to add that at C&S we measure our progress greatly by the number of our customer friends . . . and they're multiplying steadily. Today one in every 16 South Carolinians uses C&S services . . . nearly three times as many as only 10 years ago. They're folks we take our hats off to . . . and ask to join us in our modest bow.
